

2014 FULL LINE CATALOGUE

Before and After

YOUR DOOR STYLIZER™ is a tool that lets homeowners create their dream entryway. Users can upload a photo of their home or choose a home from the sample gallery to customize their entryway in one of the project options: replace glass, add glass or replace your door. Users then progress through a series of steps to select the doorglass style or option that best suits their needs.

Spotlights™

D O O R G L A S S

Authentic Design for the Architecture Enthusiast

Introducing Spotlights™ Doorglass by ODL

Your entry door is the spotlight to your home. It showcases your personality and your design esthetics.

Put the spotlight on:

- *your style*
- *your savings*
- *your architectural expression*

Materials reminiscent of those used in homes in the 1920's and on. Clear, cubed, and frosted glass combined with perforated metal connect to any architecture and home design. The white, modern profile pvc frame can be painted to match your new door design.

Mix and match glass textures, metal, and size models to create your own unique configuration.

Model 840

Model 841

Model 842

MODEL	SIZE	Clear	Frosted	Cubed	Chain Link
840	12" X 12"	●	●	●	●
841	7 1/2" X 7 1/2"	●	●	●	●
842	3 1/2" X 22"	●	●	●	●

Spotlights doorglass provides you the flexibility to achieve your design goals and heighten your home's curb appeal. The spotlights doorglass program allows you to use one of four base designs for your home or mix and match the shapes, sizes and doorglass types to achieve the custom look you desire.

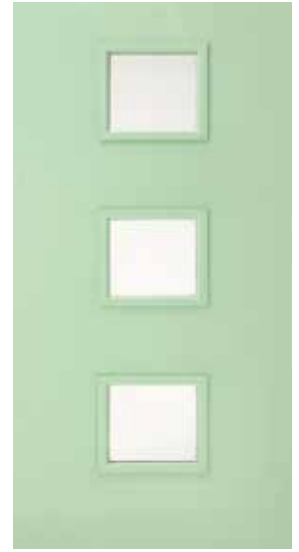

Shown in Cubed Glass with (1) Model 842 unit.

Shown in Chain Link Glass with (4) Model 841 units.

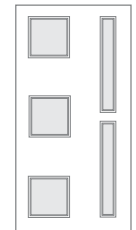

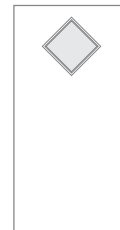

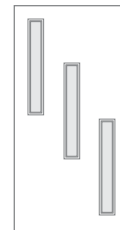

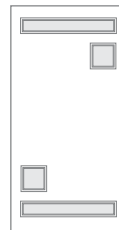

Shown in Clear Glass with (5) Model 842 units.

Shown in Frosted Glass with (4) Model 840 units.

Other configuration possibilities

Custom Doorglass Program

From selecting an existing doorglass design and modifying the finish, glass colors, or opacity level, to modifying the size, to adding new design features into an existing pattern, ODL has options.

Look for the Customize icon  in our catalogue to determine which designs can be customized.

We can also help when you have a great idea for your own unique design.

A spectrum of custom capabilities

Our custom program is scalable, flexible, and based on the spectrum of customer requests.

Choose your design from our offering or create your own.

When you want something uniquely your own

Turn your design into your signature doorglass.

YOUR CONCEPT DRAWING

Put your unique design interpretation on your front door.

Our Customer Service team is here to help you move quickly and smoothly through the design, quotation, ordering, and shipping process. Our broad offering of coming finishes and glass textures and colors will allow you to choose just the right details for your design.

Need some help?

You have a good idea for your doorglass, but aren't sure where to start? Our Customer Service Team will help you get started. Call us at 1.800.253.3900.

Your door. Our glass.

With your preferred door system and ODL Doorglass, you and your customers have a CHOICE in selecting the entry system that best fits a variety of wants and needs. ODL's CHOICE products, when installed into a certified entry door system, will meet Zone A, B, C, or D requirements.

CHOICE solutions are available in 1/4, 1/2, 3/4 or full lights. Decorative glass designs are available in select patterns. Contact your ODL Sales Representative or ODL Customer Service for details on the products available in the CHOICE program that will meet the zone requirements for your door.

ODL[®] CHOICE

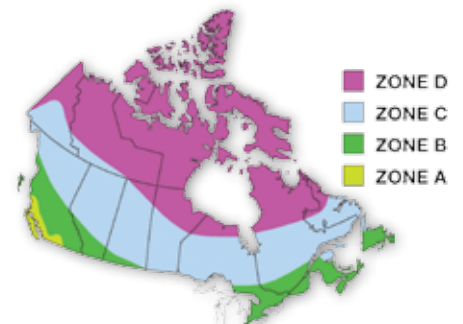

DECORATIVE DOORGLASS

Energy Star solutions around the home

ODL's ENERGY STAR[®] Compliant Doorglass Program

It's great to have a CHOICE when it comes to selecting an ENERGY STAR[®] certified entry system. ODL offers doorlights and sidelights that provide the energy efficiency you seek, with the performance, quality and selection you have come to expect from ODL.

We know doorglass.

For nearly 70 years, ODL has specialized in doorglass. That experience is evident in the quality of handcrafted glass, cut and shaped in a range of styles to match a diversity of homeowner's design preferences across the country. ODL experience is also reflected in the quality of doorglass construction: two panels of tempered safety glass, insulated for air and water tight performance.

Here are some of the things you need to consider when making your doorglass selection.

Architectural Style

Five distinct architectural styles are reflected in our decorative doorglass offering. **Classic, Contemporary, Craftsman, Old World, and Eclectic Collections** offer choices that reflect a home's architecture and décor.

Price Level

Homeowners can also select decorative doorglass in a price range that suits their budget. Four levels, from the higher range Group A to the lower range Group D, are offered based on doorglass design and materials.

Glass Textures

The texture and surface of handcrafted glass offers you aesthetic elements such as depth, dimension, and contrast. It also contributes to light and privacy levels.

Light & Privacy Levels

Each doorglass design varies in the amount of light it transfers and privacy it affords. We assign a numerical privacy level to each doorglass, from a 0 for low-privacy transparent glass to a 10 for high-privacy opaque glass.

Finishes

Doorglass finishes, also known as caming, refer to the metal work that joins together the glass elements. Finishes are an important consideration, as they contribute a good deal of the visual style of your doorglass design. We offer a wide selection of finishes to give homeowners options for matching door hardware, light fixtures, or interior furnishings.

Natural style, crafted beauty

Craftsman, Prairie, Arts & Crafts, Bungalow, Mission

Our Craftsman Collection celebrates the art of handiwork and the beauty of natural materials. Each door glass design expresses simplicity of form through balanced, geometric patterns that will blend gracefully with the inside and outside of your home. Flat-profile Craftsman frame available in Oak-grain, Mahogany-grain and textured white frame options. Screw hole covers for Craftsman frame include both pyramid and domed designs.

Historical motifs translated for today

Mediterranean, European, Spanish, Rustic

An appreciation for the aged and elegant, for the beauty of raw materials shaped into fine forms in the hands of skilled artisans. Our Old World Collection is for homeowners who prefer wrought iron and rich patinas over highly polished finishes and ornamental scrolling over geometric patterns. This collection features a number of designs that will blend beautifully with the old world architecture of your home.

Refreshing styles for today

Modern, Urban Loft, Contemporary, Minimalist

Our Contemporary Collection is for the homeowner who lives in the now. The Collection reflects a modern design sensibility with its sleek styles and sculptural forms, quiet patterns and bold statements—all with an appropriately contemporary twist. Perfect for keeping your home's entryway fresh and current.

Light Control System

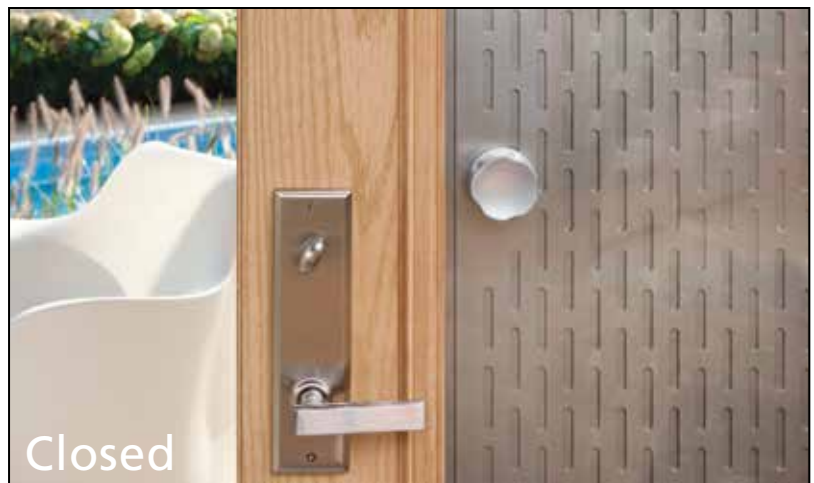

Two sliding panels of perforated aluminum provide users with a simple way to control privacy and light levels in a highly designed, fully assembled doorglass system.

Unlike anything on the market today, the innovative sliding slot pattern gives users control over the amount of light and privacy they desire. With a turn of a knob, the panels move from open to closed, and anywhere in between. A simple, intuitive design that brings dynamic levels of light and privacy into the home.

Available in 22 x 64 doorglass only

PROVEN ENERGY SAVER

REDUCES FABRIC FADING

REDUCE SOLAR HEAT GAIN
AND HEAT LOSS

REDUCES CONDENSATION

Light-Touch® BLINDS

ENERGY SAVING

Energy Savings, Comfortable Living

A green home doesn't have to compromise beauty or natural light. Available as a clear doorglass option, and used with our Light-Touch® Enclosed Blinds, Low-E glass is made with an invisible thin metallic coating that blocks heat flow, helping to reduce air conditioning costs in the summer and reduce heat loss during the winter.

Light-Touch® BLINDS

ODL glass can be used in doors to meet ENERGY STAR® criteria.

RAISE, LOWER & TILT

AVAILABLE IN TAN OR WHITE

ODL glass can be used in doors to meet ENERGY STAR® criteria.

 Indicates Low-E Glass

Blinds lower neatly within full privacy channels to eliminate light gaps. Uniform color in components provides a clean aesthetic look.

Light-Touch® DOORGLASS BLINDS

- Blinds adjust for complete light block, and the privacy channels on each side eliminate light gaps when the blinds are closed—no street light shadows or sunlight glare.
- More privacy at night and increased sense of security.
- Ergonomic design principles place fingertip control within easy reach.

20 Year Glass Seal Warranty

A single operator controls the raise, lower & tilt for optimal light control.

Painting & Staining

Material Performance

Ease of Assembly

Concealed Screws

Dry Glazed Seal

**One System.
Three Frames.
One Solution.**

Painting & Staining

- The outer and cover frames feature a new material formulation—FiberMate®
- Requires no prep, no adhesion promoter, and no special primers
- Achieves the highest rating of 5 during cross hatch adhesion testing (ASTM D3359-02)

Material Performance

- Designed and tested to withstand extreme temperatures, safe for storm door applications
- Use with dark finishes without risk of deformation
- Optimized rib structure improves frame stiffness and design pressure performance

Ease of Assembly

- Designed to ensure rapid and accurate alignment of the outer & inner frames
- Design allows for easy adjustments and removal resulting in less time and money spent on field replacements
- Inner frame requires no staining or painting and features ODL's HP material

Concealed Screws

- Clean design on both outer and cover frames
- Cover frame snaps securely to the inner frame using innovative clip system
- Saves time in assembly and pre-finishing

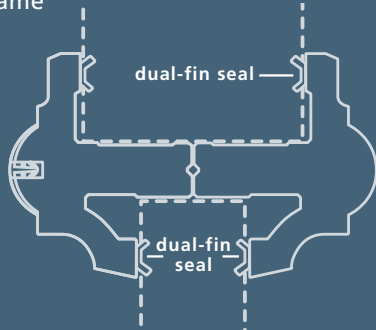

Dry Glaze Seal

- Features a foam gasket system that is air and water tight
- Precision-applied seal will not squeeze out
- Dry glaze seal allows for easy field replacement and reuse of system components
- Extreme weather tested

PVC doorglass Frame

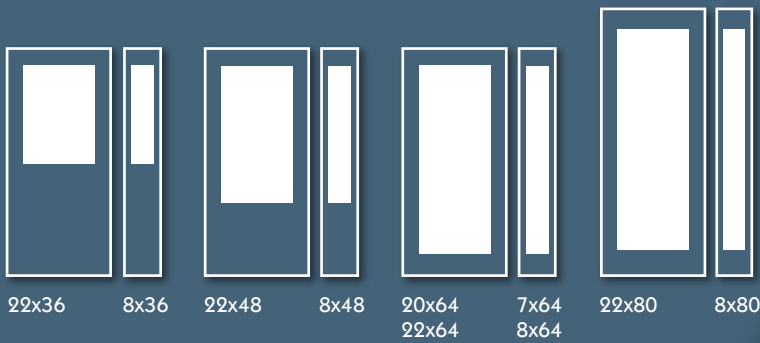

Clean, Simple, Precise Frame Design

- Smooth, non-textured finish
 - Maintenance-free white frame will not yellow and does not require painting
 - Scuff-resistant capstock finish adds increased durability
- Precision-crafted corners improve strength and appearance
- Press-fit cover strip covers screw holes for a clean aesthetic
- Specially designed dual-fin seal on both inner and outer frame

PVC  by ODL

- Available on all ODL Decorative Glass designs
- Three-day manufacturer's lead time

EVOLVE™

FRAME

EVOLVE™ quality, performance and expectations.

Industry Leading Design & Performance

- Engineered to correct problematic scallop and corner flare
- Foam tape completely eliminates squeeze out and oozing seals
- Extreme weather tested to ensure a dependable seal against air and water infiltration
- New & improved auto-aligning screw hole plugs
- Available in ODL's maintenance free HP white material
- Will not yellow. Does not require finishing

Quality You Can Trust

ODL Doorglass must survive our test of 50,000 slam cycles.

Enclosed Blinds are tested for 10,000 cycles.

Tempered Safety Glass meets requirements of ANSI Z97.1.

Frame materials tested to ensure compliance with the International Building Codes' Self Ignition (ASTM D1929), Burn Rate (ASTM D635), and Smoke Density (ASTM D2843) requirements.

Warranty

ODL products are covered by separate limited warranties. The warranty does not apply to damage from shipping, handling, installation, storage, environmental conditions, or unusual service conditions or usage.

For warranty information contact:

Store

ON HAND's™ storage cabinet is an adjustable, flexible, organized system of five shelves, support bar and three hooks that work together to hold items of countless shapes and sizes. The support bar can be used with the hooks to hang light weight items. Or use without the hooks as a retaining bar to keep taller items in place.

Cabinet Side

Frame Side

SCAN WITH YOUR
SMARTPHONE or go to

In-Door Storage and Communication System

ON HAND™ is a game changing innovation that provides built-in storage and a customizable communication system.

With the ON HAND™ in-door storage and communication system you now have an opportunity to take part in the growing storage and organization market. It's as simple as starting with ODL® innovation and an interior door.

Organize

ON HAND™ offers countless options for adjusting and customizing the shelves, support bar and hooks. Watch cluttered spaces become organized spaces so you can arrange and re-arrange items exactly the way you want them.

Cabinet Side

Frame Side

ON HAND™ starts with an interior door and transforms it into much, much more.

ON HAND Assembly

Begin by choosing the configuration that is right for your installation. Select the ON HAND Door Assembly if you require both a pre-hung door unit and the ON HAND In-door Storage and Communication System.

Designed for customization and organization anywhere in the home.

How it works

Door Considerations

The ON HAND solid core interior door is a standard 6'8" high, 1-3/8" thick, and is offered in 28", 30", 32", 34", and 36" widths to fit your frame opening. The pre-hung door jamb comes in either a 4-9/16" flat or split version.

Pre-Hung Flat Jamb
Door Solution
